IS À LA CARTE RIGHT FOR YOU?

Our À La Carte Wedding Collection is perfect for couples seeking beautiful, thoughtfully designed florals without the need for full-service customization. Ideal for intimate weddings or those who prefer a simpler planning process, this offering focuses on curated, ready-to-order pieces rather than large-scale installations or custom builds.

Our designs celebrate seasonality, featuring locally grown flowers, resulting in naturally unique and ever-changing arrangements. Since our flowers are grown to order, we can't guarantee specific varieties, but we're happy to design within your preferred colors and overall palette.

Orders are available for delivery the day of your event, or pick-up the day prior to your event. Clients are responsible for ensuring appropriate vehicles to safely transport their flowers.

À La carte packages offer a flexible, budget-friendly way to enjoy professionally designed wedding florals, allowing you to prioritize what matters most while still creating a stunning, cohesive look for your day.

Triple tier (15 stems)	$60
Additional tiers	+$15 ea.

BRIDAL BOUQUET

Our bridal bouquets are offered in three sizes (Classic, Deluxe, and Gorgeous) so you can select the option that best fits your budget and desired style. You may select ribbon color, if desired, or we'll match it to your color palette. Let us know if you'd like any colors or flowers to be reserved solely for the bridal bouquet.

BRIDESMAID BOUQUETS

Available in a single size of 15 stems, these bouquets are designed as a smaller version of the bridal bouquet. If you plan to have a bouquet toss, we recommend using a bridesmaid bouquet for that purpose.

BOUTONNIERES

Our boutonnieres are simple, featuring 3–4 stems and finished with ribbon that complements the bridal party bouquets. We create traditional pin-on boutonnieres, but can create pocket boutonnieres upon request. Let us know if you'd like certain colors or flowers reserved specifically for the groom's boutonniere.

HAIR CROWNS & COMBS

Our floral hair crowns and combs are designed to add a romantic, natural touch to your wedding day look. Crowns are crafted to fit any head size and are secured with ribbon ties in the back for an adjustable, comfortable fit. Hair combs are arranged on sturdy metal combs, available in your choice of silver or gold.

CORSAGES

We offer wrist corsages designed on flexible metal bracelets, that come in silver, gold, or antique bronze. They feature flowers that compliment the bouquets and boutonnieres of the wedding party.

GROUND MEADOW ARRANGEMENT

Meadow arrangements are versatile and can be used throughout your event: lining ceremony aisles or entrances, creating grounded floral arches, accenting your sweetheart or head table, or adding floral touches around the venue. For creating a grounded floral arch (8-10ft in length), we recommend ordering at least 5 - 7 pieces.

RECEPTION TABLE CENTERPIECE

Our reception centerpieces are styled as low compote arrangements, typically 12–15 inches in height, allowing for an unobstructed view and easy conversation across the table. They are designed in ceramic or metallic vessels, which can be tailored to complement warm, cool, or neutral color palettes.

BUD VASES

Our bud vases are wonderfully versatile, easily transitioning from cocktail hour to reception tables and other areas throughout your event.

They are offered in two sizes—small and medium. The medium features a slightly taller vessel and a fuller gathering of stem.

CAKE FLOWERS

We specialize in edible flowers grown and handled to food-grade standards throughout cultivation, processing, and transportation.

Orders are available in 5, 10, or 15 stems for cakes, and we're happy to accommodate custom edible flower requests, including smaller blooms for cocktails and beverages. Dried edible flowers are also available upon request.

DIY BULK BUCKETS

Additional bulk buckets of flowers and greenery are available if you'd like to DIY more of your wedding florals. Our flowers are sold in bunches of 10 stems, and we share weekly availability lists of what is growing, so you can browse and choose your preferred selections.

If you'd like to reserve a specific number of bunches for a future date before the availability list is released, please contact us through our website. Let us know how many flower and greenery bunches you'd like, along with any color preferences. While we can't guarantee specific varieties, we're happy to share what's currently growing and what we expect to have available.
